Printed color cards approximate actual color. Actual color should be approved based upon actual samples or draw downs of the selected color and material sample. Final color appearance is affected by lighting, surface texture, profile, method of application and sealer selection. Always select color from a finished composition system sample.

The products listed are readily available in the Standard Colors featured on this color selection card.

Special order "Custom Colors" can be selected from "Pantone" or major brand color selection guides. Minimum order quantity, special price and production time and a "final sale" policy apply to all orders for non-standard colors.
